They Grow Hair

Certain Ingredients if Properly Combined, Stimulate Human Hair Growth.

Resorcin is one of the most effective germ destroyers ever discovered. Betanaphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter and creates a clean, healthy condition.

Pilocarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair. Borax, because of its well defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerin acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Resall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and we believe it is the most effective remedy known to medical science for scalp and hair troubles generally. We personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp in spots is bare of hair, providing of course there is life and vitality remaining in the hair roots.

We want every one troubled with scalp disease, dandruff or loss of hair to try Resall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, we will without question or quibble return every cent paid for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Resall "93" Hair Tonic is entirely unlike and in every particular different from anything else we know of for the purpose for which it is recommended. We urge you to try it at our entire risk. Certainly we could offer no better guarantee. Two sizes, 50 cents and \$1.00. Sold in El Paso only at our stores. The Rexall Stores, People's Drug Store and Kelly & Pollard.

NEW BUILDINGS FOR CARLSBAD

Many Deeds Are Filed for Record—Automobile Owners May Organize.

Carlsbad, N. M., Feb. 11.—E. E. Crandall, of Chicago, who recently purchased a tract of 80 acres of land under the Carlsbad project, has a new concrete residence completed and is now occupying it. It is of bungalow style surrounded by a broad porch, and makes a most neat and attractive country home. Mr. Crandall has about 40 acres planted in alfalfa and five in orchard and will have when fully developed, one of the finest farms in the valley.

W. W. Slocum, recently of Oklahoma, who purchased a small farm under the project, is now improving his new place. He has already erected two large barns and has the plans drawn for a modern house. He has about 20 acres already planted in alfalfa.

The two story pressed brick double store building which is being erected by J. B. Fant is rapidly being pushed to completion and the carpenters will soon have the roof work started. The building has terra cotta trimmings and will be arranged for either a double store or bank and store building on the ground floor and offices on the second floor. It will be fitted with all modern conveniences and will be the finest business house in Carlsbad.

The work in the office of recorder of deeds O'Quinn is being carried on at this time. He has added weekly. The organization of an auto club is being talked and it is probable that by spring a visit will be made to El Paso by the club.

The first public appearance of the Carlsbad Firemen's band in the new band stand erected in the courthouse square was a success.

Gray Hair

The Logical Explanation.

There is a great deal of misinformation about the care of the hair and the cause of hair getting gray prematurely.

It used to be believed that in some families gray hair was hereditary, like blue eyes or quick temper. Science, however, has proved that gray hair is simply a lack of the proper hair food, and is in every case an individual problem.

Premature gray hair is easily preventable, and when it first appears all that is necessary is to apply some reliable hair food such as HAT'S HAIR HEALTH. This standard remedy is entirely harmless and is in no sense a dye, being a preparation rich in the exact kind of sustenance that the scalp needs to keep the hair from decaying. Gray hair is simply a sign of decayed hair. One of the most valuable books on the care of the hair can be had from the Philo Hay Specialties Company, Newark, N. J. U. S. A.

Will You Do This?

Make this comparison: Take your favorite desert recipe requiring the use of Vanilla. Use

BURNETT'S VANILLA

instead of the ordinary kind you have grown accustomed to using through habit.

Then notice the wonderful difference in the flavor of your dessert when it is finished.

Just one trial like this will convince you of the remarkable superiority, both in rich strength and delicate flavor of

Burnett's Vanilla

You will always insist on getting it when you try it once.
